

MATERIALS SHOPPING LIST

NEEDLE PULLER

Great for grip when pulling needles throughout your project.

NEEDLE

Choose a size 10 needle, but a size 12 needle can be used as well.

THREAD

Use a nylon base or heavier duty thread, such as FireLine, Wildfire, or Nonafil.

BEAD MAT

This is optional. Bead mats are great for keeping all your beads in one place.

WAX STICK

This is optional. Wax helps with tension, knotting and tangling. Beeswax works too!

SCISSORS

A small pair of scissors is ideal for cutting your threads closely to project.

BEADS

Beads come in various colors, shapes and finishes. Pick your favorites!
